BYOD Device Specifications

As technology has continued to change rapidly St Mark's have updated the BYOD specifications from 2020. If students already own a device, such as a Chromebook, they are not required to purchase a new one.

Please pay close attention to the specifications and models listed below, especially if you are considering buying your child a new device, or simply replacing an older device. Devices are compulsory from year 3 onwards. Students in years 1-2 are welcome to bring their own devices as well but this is not a requirement.

Our basic guidelines for device selection are as follows:
